

## HOW TO FIND OUT.

Fill a bottle or common glass with your water and let it stand twenty-four hours; if sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

## WHAT TO DO.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It is the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention that you read this advertisement. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

## VALUE OF TESTIMONY

Greater Than Assertion.

There is none of us so hardened but that when we have been able to aid our fellow creatures by conferring a benefit or bringing a little comfort into their lives we like to have appreciation shown. This generally affords more pleasure than the performance of the act itself, and in this connection the following letter from a Paris, Texas, lady is of more than usual interest: "Dear Friends: I address you as such, for you have been such to me. I suffered for three years off and on with piles. I was treated at the hospital, and the new and elegant hospital, of Memphis; they only gave me temporary relief. I came West thinking the change of air and water would benefit me; five months ago the bleeding piles came back on me, and bled so much that I thought I would die. I have had four of the finest doctors in this section of Texas; all they did was to finally nearly let me go to my grave; all they wanted was a big sum of money from me and to operate on me. I said to no surgeon, 'Who would enter me, if it was my time to die God knew it, and when I died I would die all together. I began hearing about your medicine. I had no faith in you, but I sent and got a box of your Pyramid Pile Cure; in two days the blood flow had slackened to one-half the amount, and in one week I felt so much better I walked four blocks and did a little housework. I was not bleeding then; in three weeks I was well. God bless you for putting such a wonderful medicine within the reach of suffering men and women. I shall never cease to recommend your medicine or be without it; also I used your Pyramid Pills. Sallie A. Hearndon." Testimony like this should be more convincing than all claims and assertions, and should leave no doubt in the mind of the reader as to the merit of the remedy. Pyramid Pile Cure is sold by druggists for fifty cents a package, or will be mailed by the makers to any address upon receipt of price. Write Pyramid Drug Co., Marshall, Mich., for their book on cause and cure of piles.

## ENLARGED PLANT

Mr. C. W. Saunders Can Now Produce Circus Posters.

One of the important business advances made in Richmond recently is that by Mr. Clyde W. Saunders, the well known artist. He has just enlarged his plant to the extent of several thousand dollars, and is making extensive improvements in his office.

The demand for poster work in Richmond and the South has been so great in late months that it could hardly be supplied, and much work that would have been done here had to be sent to the North.

Mr. Saunders has met that demand, and is now, with a large outlay of capital, in a position to produce a circus poster as easily as a postal card.

This increase in the plant has occasioned the employment of more men, and the expenditure of the capital has done good all round.

## INTERESTING MEETINGS

Some to Be Held Here of Great Public Moment.

Several meetings of interest to the public will take place here during the coming week. The most important of all will be that of the Democratic State Central and Executive Committees, which is billed for Tuesday night at Murphy's Hotel.

The chief business of the joint meeting will be to map out plans for a vigorous fall campaign looking to the election of ten Democratic Congressmen, though the matter of urging all Democrats to turn out and register will, doubtless, come up and be discussed. Incidentally the success of the new primary plan may come up and be informally discussed.

A full attendance of members of both the committees is expected and great interest centers around the meeting. The Penitentiary Committee will meet here on Tuesday to receive plans and award the contracts for building additional cell-room at that institution and on the next day the Capital Building Committee will meet, so the week will be full of interest to those who care for public matters.

## Miss Johnston Called Away.

## WARWICKTON HOME FOR HUNTERS' CLUB

Splendid Old Estate in Allegheny to Be Turned into Hunters' Paradise.

(Special Dispatch to The Times.) WARM SPRINGS, VA., Sept. 20.—"Warwickton," the home of the late Judge James W. Warwick, Sr., was sold this week by the owners, Mrs. James F. Reid, of Norfolk; Miss Celestine B. Warwick and Mr. James W. Warwick, Jr., for the sum of \$20,000 to the Hot Springs Hunters' Club.

This is one of the oldest homesteads in Western Virginia, and has been in the Warwick family for four generations. One of the first patents to some of the land constituting this farm was issued by George the II. of England to Jacob Warwick, the grandfather of Judge Warwick and one of the heroes of Point Pleasant.

The farm consists of about 2,500 acres, and has a splendid old colonial brick mansion on it surrounded by forest trees on Jackson's River, and other streams run for miles through it.

The purchasers will form a company and put the farm in first-class condition and keep it particularly as a hunters' club.

It is proposed to make it a hunters' paradise, and the farm is peculiarly suited for this purpose, and there is plenty of money back of the enterprise.

The acts of the Assembly of 1899-1900 enacted a law which imposed a license tax upon non-residents of the State to hunt in this county unless they be bona-fide land owners or the invited guests of those who do own land, and this undoubtedly led to this purchase, and in it they could never have made a better selection.

## CITY HALL COURTS

John H. Stout has instituted a suit in the Law and Equity Court against the city of Richmond and R. A. Siewers for \$50,000. The plaintiff alleges that Siewers was digging a hole in Canal Street, into which he fell and was badly injured. Mrs. Del Dillon qualified as administratrix of John E. Dillon in the Chancery Court to-day.

The suit of W. S. Bradley against the Southern Loan and Endowment Company for \$50 was argued before Judge E. C. Minor in the Law and Equity Court yesterday afternoon. The suit is for a life insurance policy. The plaintiff alleges that the company is insolvent, and asks for the appointment of a receiver and the recovery of the amount alleged to be due him on his policy. The court withheld its opinion.

Dr. West Will Begin at the Schools Tomorrow—Mothers' Meeting.

The public schools are now in good running shape. The children have been vaccinated and studies are going along nicely.

Miss Etta Barney, of Fredericksburg, will arrive here tomorrow. She will have charge of the kindergarten department of the Westminster School.

Miss H. H. Richardson, a teacher in Springfield School, put into execution an excellent idea Friday afternoon. She is in charge of the first grade pupils. She held a "mothers' meeting," to which all the mothers of the children in her room were invited for a quiet talk about the children. Mrs. Richardson wished to get acquainted with these mothers, to get their sympathy and support and to learn from them any peculiarities their children might possess.

The meeting will probably be followed up by other teachers and become a regular custom.

## A TRUE SAYING.

"Most Men Dig Their Graves With Their Teeth."

The wrong kind of food fills more graves than any other cause. It is said to retain good health by the use of proper food, and it is pleasant too. The Rev. G. M. Lodge, of Iowa City, Iowa, made a successful experiment.

"I am 65 years of age, and a preacher. Last winter I went to Kansas and had charge of two churches. A little use of Grape-Nuts food made me believe it to be a true health and nerve builder. I wanted to experiment further with it so I used Grape-Nuts for breakfast and supper for more than three months with the best results. I not only never had better health in my life, but the effect on my brain was wonderful. I had become forgetful of names and persons and things, was often unable to recall even the names of old friends.

After using Grape-Nuts for two weeks forgotten names came to me, and as the days and weeks passed my memory was wonderfully quickened as to names and dates, and mental ability in general. I could preach without manuscript or notes as never before, and in a month or less I said to myself, 'Grape-Nuts is a brain food, and as such I now recommend it.'

It also gives health and blood, nerve and muscle. Cheerfully and earnestly I advise students, clergymen, teachers and all mental workers to use Grape-Nuts steadily and systematically if you wish to excel in mental and literary work, renew your age and feel well. It is the best nerve and brain food I have ever known."

"FOR ALL

## Catarrhal Complaints

Pe-ru-na is Most Excellent," Writes Congressman John L. Sheppard.

CONGRESSMAN JOHN L. SHEPPARD.

Congressman John L. Sheppard, Member of Congress from Texas, writes:

Gentlemen—"I have used Peruna in my family and find it a most excellent remedy for all catarrhal complaints."—Congressman John L. Sheppard.

There are two things that the whole medical profession agree about concerning catarrh. The first is that catarrh is the most prevalent and omnipresent disease to which the people in the United States are subject. All classes of people have it. Those who stay in doors much and those who go outdoors much. Working classes have it and sedentary classes have it.

The doctor finds catarrh to be his constant and ever-present foe. It complicates nearly every disease he is called upon to treat.

The second thing about catarrh on which all doctors agree, is that it is difficult to cure it. Local remedies may give relief, but they fail to cure permanently. Sprays or snuffs amount to little or nothing except to give temporary relief.

Catarrh is frequently located in internal organs which cannot be reached by any sort of local treatment. All this is known to every physician.

To devise some systematic internal remedy which would reach catarrh at its source, to eradicate it permanently from the system—this has been the desire of the medical profession for a long time. Forty years ago Dr. Hartman confronted this problem. He believed then that he

had solved it. He still believes he has solved it. He cures thousands of people annually. During all these years Peruna has been the remedy upon which he has relied.

It was at first a private prescription, afterwards manufactured expressly for him in large quantities. This remedy, Peruna, is now to be found in every drug store and nearly every home in the land. It is the only reliable internal remedy ever devised to cure any case of catarrh, however long the case may have been standing.

## A Case of Nasal Catarrh of Five Years Standing Cured by Pe-ru-na.

Hon. Rudolph M. Patterson, a well-known lawyer, of Chicago, Ill., writes: "I have been a sufferer from nasal catarrh for the past five years. I have tried the best of the best, but I have never been cured. I have been cured by the wonderful remedy called Peruna. I read of Peruna in your paper, and wrote you for advice, which I followed. After taking one and one-half bottles of Peruna I am entirely cured, and can recommend Peruna to anyone with the best and sure remedy for any catarrhal troubles."—Camillus Senne.

Mr. Camillus Senne, 27 West One hundred and Twenty-ninth Street, New York, writes:

"I have fully recovered from my catarrhal troubles. I suffered for three years with catarrh of the nose, and throat. I tried all kinds of medicine without relief, but at last I have been cured by the wonderful remedy called Peruna. I read of Peruna in your paper, and wrote you for advice, which I followed. After taking one and one-half bottles of Peruna I am entirely cured, and can recommend Peruna to anyone with the best and sure remedy for any catarrhal troubles."—Camillus Senne.

Mr. William Bauer, Burton, Texas, a Ginner and Miller, writes:

"Some years ago I lost the hearing in my left ear, and upon examination by a specialist, catarrh was decided to be the cause. I took a course of treatment and regained my hearing for a time but I soon lost it completely. I commenced to take Peruna according to directions and have taken eight bottles in all, and my hearing is completely restored, and I shall state the praises of Peruna whenever an opportunity occurs."—Wm. Bauer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.
